

Destruction of Pesticides

Many countries have substantial stockpiles of obsolete pesticides left over from agricultural use in past decades.

Plascon® provides an economical and safe process for the destruction of pesticides, that meets with the most stringent international standards.

Among the pesticides that can be destroyed with a Plascon® unit are:

-

Azinophos

-

DDE

-

Mitotane

-

2,4 D

-

DDT

-

Nonachlor

-

2,4,5 T
